Experience

Arnold Lumber Company

Graphic Designer | September 2025 – Present

Lead creative development across print, digital, advertising, signage, internal communications, and promotional campaigns.
Develop campaign concepts and multi-platform assets from concept through final production while maintaining brand consistency.
Partner with teams company-wide to translate business objectives into clear, engaging visual communications.

Gilbane Building Company

Media Designer/Creative Services Specialist | December 2017 – July 2025

Led design for major corporate publications, including Annual and Impact Reports, transforming complex business and ESG content into engaging visual stories.
Collaborated with Marketing, Communications, Sustainability, and leadership on high-visibility corporate initiatives and brand communications.
Created presentations and visual materials supporting business development and construction pursuits across the organization.
Designed across print, digital, multimedia, environmental graphics, signage, and corporate branding initiatives.
Served as an Adobe Creative Cloud resource, providing technical support, creative problem-solving, and training to colleagues.

Quality Sign Crafters

Sign Crafter | November 2012 – May 2017

Produced signage for national retail, food-service, and hospitality clients using wide-format printing, engraving, and fabrication equipment.
Developed hands-on expertise in print production, materials, finishing, and large-format graphics.
